What should I already know?	What will I know at the end of the unit?
<ul style="list-style-type: none"> I can identify different parts of my body. I have some understanding of healthy food. I can show care and concern for living things. I know the effects exercise has on my body. I know a little on growth and change. I can talk about things that I have observed including animals. 	<ul style="list-style-type: none"> I can name my body parts and show you like in the picture. I know humans have 5 senses. I know that animals are divided into 2 groups: invertebrates and vertebrates. I can name and group vertebrates into 5 groups. I know what a carnivore, herbivore and omnivore eat.

Knowledge Vocabulary	Working Scientific Vocabulary
carnivores omnivores herbivores vertebrates invertebrates senses – smell, touch, feel, hear, taste.	sort compare similarities differences observe identify
