

St Mary's Horsforth – Geography Knowledge Organiser

Year 2 – Hot and Cold Places – Spring 1

Enquiry Question: What are the differences between hot and cold places on Earth?

What should I already know?	What will I know at the end of the unit?
<ul style="list-style-type: none"> The country I live in is England. England is in the United Kingdom. That the weather is different in different parts of the world. That some animals do not live naturally in the same country as us. 	<ul style="list-style-type: none"> I can identify hot and cold places. I can locate hot and cold places. I can identify features of a hot and cold place. I can identify how animals adapt to a hot or cold place. I can identify how to pack for a hot or cold place. I can describe what I would see in a hot or cold place.

Place names	Geographical terms and processes	Locational terms
